

FATHER'S MAD DASH SAVES BOY IN FIRE

Breaks in Door, Races Through Flames to Lead Son From Blazing Home

LAD WAS PLAYING ON FLOOR

Through the quick action of Samuel Saul, 701 South Fifth street, his four-year-old son, Harry, was saved from a probable death during a fire at his home, shortly before midnight.

Saul conducts a tailoring establishment at that address and uses the establishment as a dwelling.

While he was visiting a neighbor last night he started in the kitchen Saul saw smoke pouring from the windows and remembered Harry was alone in the house.

Returning, he found the door locked. Forgetting he had the key in his pocket, Saul smashed the glass of the door and squeezed through the narrow aperture. He was badly cut and bleeding as he groped his way through the smoke and flame to the rear of the building. Saul found Harry playing with wooden soldiers on the floor.

"What's the matter, Daddy," asked the boy when his father, cut and bleeding, rushed into the kitchen.

Without pausing to explain, Saul picked the child up in his arms and carried him to the street. The boy was unharmed. The fire caused about \$3000 damage.

BANDITS SHUN VIOLENCE

Put Camden Man to Sleep With Drink, Then Rob Him Gently

Footpads and sneak thieves have the formula for the latest hold-up method. No more blackjacks or guns. No more roughing up their intended victims. Just give them a drink out of a bottle, take the valuables at leisure and let the hospital do the rest.

The newest stunt was tried on William Corson, 2025 River avenue, Camden, last night. Corson, who is recovering in Cooper Hospital, was found

Sewing Made a Pleasure

FASCINATION

Have you ever experienced the delight of effortless sewing, and while you pressed your foot slightly on the controller, watched the fabric glide magically beneath the needle?

Have you known the joy of silent sewing, so noiseless that one could read aloud to you while you sew?

That is what the Electric Automatic does for you, and there is no bobbin to run out in the midst of the seam. There is no tension to adjust, for it automatically adjusts itself, while the seam it makes is unexcelled in beauty and strength.

You can sew upstairs or down, or on the porch, for it is PORTABLE. It can be carried with one hand.

It is the result of sixty years' experience, and is the Wilcox & Gibbs Sewing Machine Company's latest gift to womanhood.

LET US DEMONSTRATE IT TO YOU. A SMALL PAYMENT SECURES ONE OF THESE; THE BALANCE ON EASY TERMS.
